Subject: Amendment to Sign By-law 2006-143

Closed Session: yes ☐ no ☒

Recommendation

1. That the Sign By-law 2006-143 be amended as outlined in Report to Council CSBU 2022-31 dated May 31, 2022 by Beverley Hillier; and
2. That Report to Council No. CSBU 2022-31 be referred to the Community Services Committee for a Public Meeting to be held on June 28, 2022.

Background

The City's Sign By-law is used to regulate signage throughout the City. The By-law was last updated in 2014. City Staff continue to look for ways to improve the Sign By-law and receives feedback from other departments, agencies, members of the public and the sign industry.

City Staff held a meeting with representatives from the local sign industry on March 28, 2022 to review the proposed changes and hear any suggestions or concerns that they were experiencing with the By-law.

The following changes are proposed to the By-law. A copy of the draft by-law is attached as Appendix A.

- 1) Various administrative changes, including updating references to various City By-laws, including the City's Zoning By-law 2015-30 and correcting section numbers.
- 2) Changed definition of "Directional Sign" – remove the reference to fingerboard signs. Fingerboard signs are not regulated under the Sign By-law.
- 3) Update the definition of "Sign Area" to reflect the face area of the sign.

- 4) Provided "Canadian Advertising Standards Code" its own section
- 5) No longer require applications to be submitted in duplicate
- 6) Change the dwell time from 3 min to 20 seconds to coincide with MTO policies
- 7) Include Institutional zones in the By-law
- 8) Amend fascia signs in C1 zone to permit signs at front and back while still applying the 25% rule and allow a 3rd sign for a building on a corner lot. This will support buildings that have building faces on 3 streets.
- 9) Increase percentage permitted for animation from 25% of sign face area to 35% of the sign face area.
- 10) Change authority for variance approval from Council to Property Standards Committee.

The proposed changes aim to improve clarity, improve efficiencies, provide appropriate flexibility and provide necessary administrative updates to the By-law.
