Subject: User Fees Meeting for Paid Permit Parking on Second Ave West

Closed Session: yes no

Recommendation

That Report to Council CORP 2023-075 be referred to the General Government Committee for a public meeting.

Background

Council passed General Government Committee Report No. 2023-06 on March 14, 2023. Item (5) in that report required that a Public Meeting be held regarding the proposed user fees for a permit parking program on the west side of Second Avenue between Ferguson Street and Fraser Street. The zone would encompass approximately 15 parallel parking spaces along the 100 block of Second Avenue West. These spaces are currently used on a first come, first served basis with a maximum parking time of 24 hours. The proposed zone would be changed to a "monthly parking by permit only" zone at a current rate of \$234.86 per quarter, which mirrors the rate charged on the 200 block of Second Avenue West. The permit parking would be in place from 8am to 6pm, Monday to Friday, which is the same as other paid and by permit parking outside of the Downtown Improvement Area (DIA).

In order to enact the user fees associated with the Service Level Changes, an amendment to Schedule 9 of the On-Street Parking By-Law No. 2014-37 is required.

Financial/Legal Implications

The proposed change may see an increase in parking revenue from the sale of the monthly parking permits.
