

Administration Recommended

2024
**OPERATING
BUDGET**

NORTH BAY
ONTARIO • CANADA

MESSAGE FROM THE CAO

Mayor Chirico and Members of Council, Residents and Stakeholders,

I am pleased to share the Administration Recommended budget for your review and consideration. In preparing both the operating and capital budgets, we have been cognizant of balancing the challenges posed by inflation with the need to effectively deliver core municipal services and for capital reinvestment in our assets.

The proposed budget maintains municipal service levels and makes strategic investments in infrastructure projects, and community initiatives that support economic growth and enhance overall community well-being. It also provides continued support to our service partners, constituting approximately 45 percent of the total tax levy.

We've remained focused on responsible financial management and have incorporated a greater emphasis on zero-based budgeting to ensure that each dollar contributes meaningfully to services and projects that are aligned with Council's priorities and those of our community. We have also integrated outcomes of the Long-Term Financial Planning review into our budget preparation process.

While our operational review is ongoing, we have also earmarked funds in the budget to allow Council the flexibility to act on forthcoming recommendations.

I would like to thank our staff, Council members, and community partners for their contributions in shaping this preliminary budget. Your collaboration has been instrumental.

As we progress through the approval stages, your input is crucial. I encourage each of you to review the budget, share your thoughts, and actively participate in shaping the future of North Bay. Your continued support is greatly appreciated.

Thank you.

Mayor Peter Chirico

North Bay City Council consists of a Mayor and 10 Councillors, who are elected at large every four years. The current Council was elected on Nov. 15, 2022 and will serve until Nov. 14, 2026. Led by Mayor Chirico, Council is the decision-making body for the City of North Bay, providing direction to City Staff regarding the level of services delivered by the municipality.

Deputy Mayor Maggie Horsfield
Chair of General Government Committee

Councillor Justine Mallah
Chair of Community Services Committee

Councillor Lana Mitchell
Chair of Infrastructure and Operations Committee

Councillor Chris Mayne
Vice-Chair of Infrastructure and Operations Committee

Councillor Mark King
Vice-Chair of Community Services Committee

Councillor Gary Gardiner

Councillor Jamie Lowery

Councillor Mac Bain

ORGANIZATIONAL OVERVIEW

In response to community needs, City Council sets the direction for the City of North Bay. The Chief Administrative Officer is responsible for executing Council's decisions and overseeing the administration. The Senior Management Team is tasked with ensuring the effective management of three key City business units: Corporate Services, Community Services, and Infrastructure and Operations. Each business unit encompasses multiple departments.

The city's strategic plan and other guiding documents serve as foundational roadmaps that steer the decision-making process. Collectively, these documents create a structured framework that informs and influences decisions across the organization.

OUR VISION

North Bay will be economically prosperous for all residents, by ensuring that we are a vibrant, integrated, and balanced community rooted in the natural beauty of Ontario's near north.

OUR VALUES

● Integrity & Trust

We shall understand and live by the spirit and the laws of our community creating an environment built on trust. We are open, honest and accountable.

● Community Focused

We endeavour to understand the needs of the community and strive to meet or exceed expectations. We are proud of what we do.

● Respect

We value input, treat all people with dignity and provide a diverse, engaged and inclusive community and work environment.

● Excellence

We relentlessly pursue outstanding and sustainable results and strive for continuous improvement.

● Stewardship

We protect the environment, promote a healthy, safe and vibrant community, work safely and manage risks.

OUR STRATEGIC PRIORITIES

Natural, North & Near

Our North Bay admires, values and respects the natural environment as the heart of the community and recognizes the unique features that make the city a better place to live, work, play and learn.

Economic Prosperity

Our North Bay is open for business and creates a diverse range of employment opportunities for all residents.

Affordable Balanced Growth

Our North Bay is a city where we make strategic and efficient decisions, ensuring a strong municipality that allows us to keep our residents and attract new people to our community.

Spirited Safe Community

Our North Bay is a city where we encourage the health of our residents and a dynamic and innovative community experience for locals and visitors.

Responsible & Responsive Government

Our North Bay is a city where we manage the municipality in an efficient, effective, and sustainable manner, and engage in two-way communication with our residents.

YOUR CITY SERVICES

In 2023, the City put your tax dollars to work through a diverse range of programs and services ranging from transit and waste collection to arena access, permitting and licensing. These services have a direct impact on the lives of North Bay residents and contribute to the quality of life for residents and the overall well-being of the community.

2023 HIGHLIGHTS

Community Safety & Well-Being

Implemented Peer Outreach Security Team (P.O.S.T.) pilot in the Downtown/Waterfront and Cassells Street areas.

Established Community Safety and Well Being Plan Ad Hoc Committee.

Collaborated with North Bay Police Service to adopt 529 Garage mobile app and website bike registry system.

Collaborated with the District of Nipissing Social Services Administration Board to secure a warming centre location for the 2023/2024 winter season.

Housing

Developed and implementing Housing Action Plan and Strategy.

Application made for \$18 million to CMHC's Housing Accelerator Fund.

167 total new dwelling units approved for construction in 2023. 100 million total construction value.

On track to meet our 10-year provincial housing target of 1,000 new units by 2031.

Communication

21,000 fans and followers on Facebook, Instagram, Twitter and LinkedIn combined.

1,700 posts across all networks.

3.5 million post impressions and 3.1 million post reach across all networks.

125 official news releases and public service announcements issued in 2023.

Technology

Implemented a new and upgraded system for livestreaming Council meetings, providing viewers an improved audio and video experience.

Initiated Enterprise Resource Planning (ERP) project to modernize how the City does business by upgrading its systems and integrating the management of its main business processes.

Implemented new building and planning software that will allow online applications and payments starting this spring.

Green Initiatives

Added an electric ice resurfer and two hybrid SUVs to the City's vehicle fleet, along with the approval of three hybrid buses to be added over the next three years.

A record low amount of curbside residential waste was transported to Merrick Landfill, totalling 11,676 metric tonnes.

Implemented Waste Diversion Outreach Program, which involved 44 classroom visits, aimed at educating elementary school students about the 6R's (Rethink, Refuse, Reduce, Reuse, Repair and Recycle).

Community Partnerships

Worked with Clean, Green, Beautiful to achieve a five-bloom rating from Communities in Bloom.

Partnered with 14 different community organizations to deliver various initiatives throughout the year focusing on youth, seniors and public art.

Partnered with Canadore College's School of Environmental Studies for a second consecutive year, to conduct an audit on household waste collected curb side by the city.

Making Over Main Street

In 2023, the City initiated the first major renovation of Main Street in nearly four decades. The initial phase, focusing on Blocks 5 and 4 from Sherbrooke to Wyld streets, concluded in late fall. The project is set to resume in spring 2024, commencing with the revitalization of a segment of Ferguson Street, stretching from Main Street to Oak Street, followed by Blocks 3, 2 and 1, spanning from Ferguson to Cassells streets.

Improvements include road resurfacing and the installation of new sidewalks featuring concrete accents, new furnishings, lighting, and trees.

Road Safety Strategy

Significant progress was made in 2023 to develop a strategy to enhance the safety of North Bay's streets and sidewalks for drivers, pedestrians, and cyclists. Work has included review and analysis of collision data, as well as public engagement with an online survey garnering 1,342 valid responses, complemented by an open house and stakeholder consultations involving key groups such as local police, emergency services and public health. The strategy will be finalized and presented to Council later this year.

Kiwanis All Wheel Park

Construction of a new plaza-style skate park and pump track located on the lakeside of Municipal Parking Lot 10 nearby the Peter Reid Transit Terminal, is scheduled to begin in spring 2024. The design of the facility, which will be integrated with the existing multi-use courts, is nearing completion. Public engagement has been a key component of the design phase and has included two design workshops and two online surveys in 2023, gathering more than 300 responses each. The Kiwanis Club of Nipissing is a significant contributor, committing \$100,000 to the project.

Rotary Playground

An inclusive playground, integrated with the Family of Rotary Splash Pad near the North Bay Museum, is scheduled to open in spring 2024. The nautical-themed playground will feature two free-standing play structures—a logging boat and lighthouse—complemented by a sensory play center, seating areas, lighting, and landscaping. Equipment installation was completed in late fall 2023, with an accessible rubber safety surface to be poured ahead of the official spring 2024 opening. The Rotary Clubs of North Bay and North Bay-Nipissing are providing the project a significant contribution of \$110,000.

Organizational Review

Launched in the summer of 2023, an operational review across all departments is in its final stages, aiming to identify areas of improvement and enhance the efficient use of public funds. The anticipated final report from KPMG is expected in early April. KPMG will present a set of recommendations encompassing performance management frameworks, organizational structure, communications, customer service, and digitization. The review process involved interviews, documentation reviews, and desktop research, providing insights into benchmarking and operating efficiencies. The upcoming recommendations are expected to guide enhancements across various aspects of the organization.

Enterprise Resource Planning (ERP)

The City is currently engaged in an Enterprise Resource Planning (ERP) system project aimed at modernizing its business operations. This initiative involves the implementation of a new software platform designed to seamlessly integrate municipal functions of Human Resources, Information Systems and Financial Services, including accounting, billing, and payroll. The adoption of this advanced system is expected to enhance efficiency and coordination, streamlining the management of the City's operations and financial resources. Work began in 2023 and is expected to continue throughout 2024.

Community & Recreation Centre

A previously proposed trident design for a new Community and Recreation Centre has been set aside and a Progressive Design Build Request for Proposals (RFP) for project has been issued.

This new facility to be located at the Steve Omischl Sports Field Complex on Lakeshore Drive would replace the aging West Ferris Arena, ensuring current recreational services and programs are maintained within an upgraded and modernized setting. It would also include an additional ice pad to augment the existing inventory.

Lamorie Bridge Rehabilitation

This project involved rehabilitation of the bridge deck and included patchwork and crack injections to the deck, waterproofing and paving, replacing expansion joint elastomeric strip seals, and replacing the steel railing system. The rehabilitation is expected to extend the service life of the bridge by 15-20 years.

Business Unit Overview - 2024 Budget

Community Services

Business Unit Pressures:

The 2024 budget includes the cost to deliver existing service levels to taxpayers. A significant portion of the overall net increase of \$487,066 or 2.43% over 2023 is a result of changes in contractual obligations, phase-in of annualized positions, and increased statutory costs such as WSIB rate charges. Highlights to note are as follows:

- **Personnel Costs - \$589,872** - Personnel costs include 2024 phase-in of annualized positions and anticipated contractual salary & benefits increases, totalling \$589,872. Approved Union Contracts are in effect until December 31, 2024, as well as the approved Non-Union Salary By-law. The Fire Collective Agreement was finalized in 2020 for fiscal years 2021 to 2025. Student wages have been adjusted to the new Provincial Minimum Wage rate. Project/capital wage costs are presented in this budget and are offset with revenues transferred from the Capital budget (line #0460) or various grants.
- **Arena Revenues - Ice Rentals - (\$167,000)** - The pandemic caused significant decreases in facility rentals resulting in reductions to user fee revenues. The enclosed budget assumes that 2024 will realize a recovery of Arena revenues.
- **Building - Zero Cost Center - \$0** - Over the past few years, the City has experienced record-breaking construction values. Under the Building Code Act, the department must be self sustaining and is budgeted accordingly as a zero-cost center. Annual budgets are based on an average year. All realized surpluses or deficits are transferred to/from the Building Services Reserve Fund at year-end.

Service Level Changes (SLC):

- ACRS – Beach Program (Lifeguards)
- ACRS – North Bay Century Celebrations 2025
- Community Services Admin – Community Outreach & POST Program – One-Year Extension
- Parks Revenue – Pickleball Court Fees
- Planning – Third Party Compliance Software – Short-Term Rentals

Activity Summary Overview - 2024 Budget

Arena Services

Memorial Gardens

This budget provides for the operations, maintenance, and administration of the community facility. In addition, it provides for the cost of operating and running various major indoor city sports, ice rentals, events, and attractions. Management of lease agreements with various organizations such as Battalion OHL Hockey, Men’s Lakers Hockey, Women’s Lakers Hockey, and the Figure Skating Club.

Revenue Generating Activities and Contracts:

2022-2023 Season

- 1) Battalion Season – 35 games
- 2) Men’s Lakers - 14 games
- 3) Women’s Lakers- 14 games
- 4) Bar – Battalion
- 5) Concessions – Battalion
- 6) Box Office – Battalion

2023-2024 Season

- 1) Battalion Season - 35 games
- 2) Men’s Lakers - 14 games
- 3) Women’s Lakers- 14 games
- 4) Bar - Battalion
- 5) Concessions – Battalion
- 6) Box Office – Battalion

Pete Palangio

To provide for the management of the day-to-day operation, maintenance and administration of a twin pad arena operating for 10 months of the year. Activities range from ice rentals, meeting room bookings and event related activity rentals.

West Ferris

To provide for the management of the day-to-day operation, maintenance and administration of an arena, auditorium, and boardroom. Activities include ice rentals, auditorium, and boardroom bookings. In addition, it includes the management of lease agreements with various organizations such as North Bay Minor Hockey Association, West Ferris Ringette Association, and Girls Hockey.

The condition assessment of the West Ferris building structure identified that the roof trusses have exceeded their design service life, but increased monitoring should allow for the operation of the facility in the short term.

Activity Summary Overview – 2024 Budget

Arts, Culture & Recreation Services

To provide personnel and administration support for the Arts, Culture and Recreation Services Department (ACRS).

Arts and Culture - Work with Creative Industries and other Arts and Culture Sector organizations to enhance and support Arts and Culture initiatives within the City. Work towards implementing North Bay's Cultural Plan to facilitate cultural growth and awareness in the community. Initiatives include Culture Days and educational Cultural sessions and events.

The department works closely with the Public Arts Advisory Committee to develop a Public Art Policy for the City as a means of enhancing and supporting the Arts and Culture Sector of the City.

Trails and Active Transportation - Work with other municipal department representatives and the Active Transportation Advisory Committee to implement the actions identified in the City's Active Transportation Master Plan. Initiatives include the development of trails, sidewalks, multiuse pathways, bike routes, safety education, mapping, etc. Collaborate across departmental operations with respect to future developments of the City's Active Transportation Master Plan. Identify and prepare funding applications to support Active Transportation projects.

Community Event Hosting Program - Through the Community Event Hosting Program the ACRS Department works in partnership with community groups and organizations as a means of supporting and growing local events and activities within the City (i.e. Armed Forces Day, Rib Fest, Culture Days, Bay Block Party, etc.).

The ACRS Department also acts as a resource to community event organizers by providing advice regarding event planning.

ACRS Events - Facilitated by municipal staff through a community based organizing committee. Budget amounts represent City of North Bay's contribution for events such as Canada Day, Santa Claus Parade and Families First. The department also organizes Concerts in the Park, Movies in the Park, and Cultural events during the year.

Community Development - Work with neighborhoods, organizations, and groups to facilitate and support positive recreational programs and services.

Work with the community to engage neighborhoods for the purpose of park development/new equipment or plans such as the Active Transportation Master Plan, Parks Master Plan, Age Friendly Action Plan, and the North Bay Cultural Plan.

Work closely and in partnership with local service groups and organizations (i.e. Rotary, YMCA, etc.) to develop joint recreational opportunities, facilities and services in the City.

Development and management of City Agreements with Rotary Clubs, Creative Industries, Dionne Quints Heritage Board, Heritage North Bay, YMCA of North Eastern Ontario, District School Boards, Golden Age Club and the North Bay and District Humane Society.

Park Bookings/Vendors - The administrative booking of 73 parks and 2 buildings. Revenues collected for bookings are shown in the Parks Revenue section. The ACRS department includes revenues from bookings and agreements for park vendors and Midways.

Recreation Programs - Includes Youth Centres, After School Programs and beach swimming lessons. These programs are coordinated by ACRS staff on a cost recovery basis. Some of these programs are contingent on the receipt of grant funding.

The ACRS Department also provides supervision/staffing for the City's 10 outdoor rinks and trails.

Beach Program - The purpose of the Beach Program is to provide lifeguards and instructors for aquatics programs at City beaches and to encourage safe and responsible use of City beaches.

Locations include: The Cove, Olmsted Beach, and Shabogesic Beach.

Building

Building Services forms part of the Planning and Building Services Department. Building Services facilitates development through the issuance of building permits and administers and enforces the Building Code Act by issuing permits, conducting building inspections, plumbing inspections, and keeping records according to the related City of North Bay By-Laws.

In addition, Building Services also administers the Property Standards By-law, Vacant Building By-law, Short-Term Rental By-law and the Property Standards Committee.

Community Services Administration

Community Services plays an integral role in the lives of those who work, live, and play in the City of North Bay. Creating and facilitating indoor and outdoor sport and recreation facilities, facilitating, and promoting events, and delivering planning and building services are key objectives of Community Services.

The Director of Community Services provides overall leadership and direction for the department and ensures departmental alignment with the City’s strategies, priorities, budgets, and policies.

Community Services provides assistance to a variety of community partners through funding agreements, resource development and staff support.

Community Safety and Well-Being Planning is undertaken within Community Services in collaboration with community sectoral partners in mental health, addictions, and homelessness.

New funding opportunities through grants offered by senior levels of governments and organizations is facilitated for the City by Community Services.

Community Services considers the internal and external environment we operate within and our available resources to ensure we are aligned with the following corporate strategic priorities:

- Natural, North, and Near
- Economic Prosperity
- Affordable Balanced Growth
- Responsible & Responsive Government
- Spirited Safe Community

Economic Development

To provide for administration and program costs related to Economic Development activities that help facilitate employment and growth.

The department works with stakeholders on various community development initiatives such as workforce development and immigration, entrepreneurship and sector development, marketing, and promotion.

Services include assisting existing businesses, prospective investors, and community partners with business and community development projects such as:

- Investment attraction, development facilitation, and investment aftercare;
- Business retention and expansion;
- Government liaison to support business and help facilitate innovation and growth, market development, export, and trade opportunities;
- Municipal marketing, promotion, and community familiarization;
- Municipal industrial land sale marketing and facilitation;
- Sector specific capacity development initiatives;
- Film & TV production attraction, support, and municipal permit administration;
- Supporting workforce development, capacity, resiliency, job creation and skills building, including immigration and talent attraction;
- Support for small business and entrepreneurs (Small Business Enterprise Centre) and;
- Community development, capacity, and marketing partnership projects.

Activity Summary Overview – 2024 Budget

Fire and Emergency Services

North Bay Fire and Emergency Services (NBFES) provides an “all hazards” protection to over 52,000 permanent residents and a full-time and part-time workforce in an area covering 314.9 sq. km. The Fire Service protects commercial and residential buildings, infrastructure, the city’s reputation, economy and most importantly people. We accomplish this through the 3 lines of defence: Education, Code Enforcement and Emergency Response.

NBFES responds to various types of calls for service including, but not limited to, structure fires, car fires, motor vehicle collisions, medical emergencies, for the purposes of preventing loss of life and injury of citizens and visitors to the city, as well as reducing the loss of property due to fires and natural disasters. It is important to note the firefighters take on the additional responsibility and training of technical rescue thereby permitting NBFES to respond to hazardous materials calls, ice rescue, and confined space emergencies (limited).

Emergency Response

Total Responses 2021	1960
Total Responses 2022	2035 4% increase
Total Responses 2023	2343 15% increase

Activity Summary Overview – 2024 Budget

Planning Services

Planning Services forms part of the Planning and Building Services Department. The mission of Planning & Building Services is to support and guide growth and development of North Bay towards a vibrant, livable, and resilient community.

Planning Services provides land use planning services for the City as required by the Planning Act and the Municipal Act. Major activity areas include current planning operations, policy development, research, special projects and By-Law administration and enforcement.

Planning also administers the Committee of Adjustment, Heritage Committee, Municipal Accessibility Committee as well as the City’s Growth Community Improvement Plan (GCIP).

Business Unit Overview - 2024 Budget

Corporate Services

Business Unit Pressures:

The 2024 budget includes the cost to deliver existing services to taxpayers. A portion of the overall net decrease of (\$3,366) or (0.06%) is a result of increased revenues; partially offset with changes in contractual obligations, increased statutory costs such as WSIB rate charges, as well as increased software maintenance costs. Highlights to note are as follows:

- **Personnel Costs - \$296,221** - Personnel costs include 2024 phase-in of annualized positions and anticipated contractual salary and benefits increases. Approved Union Contracts are in effect until December 31, 2024, as well as the approved Non-Union Salary By-law. Student wages have been adjusted to the new Provincial Minimum Wage rate. Capital wage costs are presented in this budget and are offset with revenues transferred from the Capital Budget. Capital wage costs do not directly place pressure on Operating Budget requirements. See offset line #0460 – note 2024 Capital Transfer change of (\$109,398).
- **Software - \$137,500** - At the time of establishing the 2024 budget, software costs are estimated to increase upon renewal of required agreements. The cost pressure stems from moving away from perpetual licenses and adopting a yearly subscription-based model.
- **Information System Revenues – (\$232,362)** - At the time of establishing the 2024 budget, IS revenues are estimated to increase. New contracts are being finalized with various partners, to better reflect cost recovery of associated support and services.

Service Level Changes (SLC):

- Customer Services - Customer Services Clerk (Part Time Relief)
- Human Resources - Intern

Activity Summary Overview – 2024 Budget

Council Secretariat

Clerk’s Department

The City Clerk’s Office is responsible for Council Secretariat, Vital Statistics and Records Services.

In addition to overseeing these services, key responsibilities include executing the statutory duties of a Municipal Clerk, acting as “Head” under FOI legislation, and as Returning Officer for Municipal Elections.

Council Secretariat Positions

	2023 FTE	2024 FTE
City Clerk	1.00	1.00
Deputy Clerk	1.00	1.00
Administrative Assistant*	2.00	2.00
Totals	4.00	4.00

Note: * The number of staff is increased during an Election year by one FTE for a six-month period. This position is funded from the Election Reserve.

Elections

Responsible for Municipal Elections (Council and four School Boards) held every four years. The policy is to fund the election expenses from the annual budget amounts that are transferred to the Election Reserve Fund.

The next election will be held in October 2026.

For more information go to:

<https://www.northbay.ca/city-government/departments/office-of-the-city-clerk/>

Activity Summary Overview – 2024 Budget

Customer Service Centre

The Customer Service Centre (CSC) provides a “One Stop Experience” for residents, visitors and community partners that is conveniently located on the main floor of City Hall. Customers pay for, inquire about, apply for and/or register for City licenses, programs and services. A team of dedicated Customer Service Clerks are cross trained to work in all communication channels of service – phone, mail, counter and e-mail platforms. CSC Clerks work to resolve most inquiries rather than spending time re-directing customers who accidentally arrive at the wrong counter or telephone extension. Excellent and efficient customer service is at the heart of all transactions completed in the CSC as the team promotes a positive, helpful and friendly environment to resolve customer concerns.

The CSC is a service focused culture where Clerks put customer needs first when presenting solutions and providing support. This customer-centered approach applies at the counter or behind the scenes processing paperwork or responding to customer service inquiries through phone calls, mail, email and in-person requests for most City services.

Citizen-Centered Services Provided

				
<p>Information</p> <p>We answer customer questions effectively and resolve concerns with empathy and care.</p> <p>At the counter, by phone, by email and by mail.</p>	<p>Municipal Parking Lots</p> <p>We process and manage parking rental locations in the downtown area.</p> <p>Municipal Parking Tickets</p> <p>We process ticket payments and escalate parking enforcement processes.</p>	<p>Licensing Business (By-Law 2012-225)</p> <p>Residential Rental Housing (By-Law 2012-55)</p> <p>Lottery (Alcohol and Gaming Commission of Ontario)</p> <p>Short-Term Rental (By-Law 2022-77)</p>	<p>General Services</p> <p>Recreational and Non-Recreational Burn Permits Dog/Cat Tags City Transit Passes Bag Tags and Recycling Bins Special Event Registrations City Forms</p>	<p>Payments</p> <p>Water and Wastewater Bills Property Tax Bills Accounts Receivable Invoices Municipal Accommodation Tax</p>

Objectives of the Customer Service Centre

- Build relationships with the community.
- Provide comprehensive and accurate responses in a timely manner.
- Provide accessible customer service.
- Provide responses that optimize productivity and resources while reducing duplication.
- Provide a Centre that is customer oriented and which promotes a safe environment for staff and customers.

Overview of Customer Service Centre Services

Accessing services is one of the most important ways that citizens interact with municipal government. Excellent customer service builds trust and demonstrates that the City is dedicated to serving citizens. The addition of licensing services and centralizing Business Licensing, Residential Rental Housing Licensing, Lottery Licensing and Short-Term Rental Licensing within the CSC demonstrates our continued commitment to improve and expand the way we deliver Citizen-Centred Services.

Activity Summary Overview – 2024 Budget

Financial Services

Municipal financial management involves supporting and managing a range of interrelated components including, but not limited to; planning and budgeting, revenue and expenditure management, procurement, asset management, accounting functions, extensive reporting requirements, as well as service partners and corporate-wide departmental support.

The Financial Services department strives to provide timely, responsive, efficient and innovative financial services to all customers (both internal and external) in compliance with various City policies, risk management, and legislative requirements, while fostering a spirit of trust and accountability.

Activities include the following:

- Ensure that only valid, properly authorized disbursements are processed on a timely basis taking all available discounts while providing for the development and monitoring of corporate Accounts Payable function.
- Ensure that authorized payrolls are processed in exact amounts in a timely fashion, in compliance with all corporate policies, applicable regulations, and reporting requirements.
- Ensure that Accounts Receivable processes are in place to ensure complete and timely billing for services rendered. Monitor and process third party agreement receivables.
- Coordinate the development and maintenance of annual Operating and Capital Budgets in accordance with Legislative requirements.
- To provide and present to internal and external customers timely, accurate, and fiscally responsible variance reports that will assist in the financial decision-making process.
- Ensure timely and accurate financial reporting to various parties and ensure completeness and integrity of supporting data.
- Ensure effective and efficient corporate treasury services and customer support in compliance with all applicable legislation, regulations, and corporate policies.
- Ensure a tax administration system compliant with all applicable legislation and Council direction.
- Ensure that procurement processes are in place for materials, supplies and contracts required by the City, administering Requests for Tender and Requests for Proposals on the City's behalf, and administering the City's Purchasing By-law.
- Ensure proper recording and reporting of Tangible Capital Assets.
- Lead the organization in developing an Asset Management Plan and ensuring compliance with applicable legislation.
- Leadership role in Corporate Financial Planning.
- Provides support to the following Service Partners and Local Boards:
 - North Bay Police Services Board
 - North Bay Public Library Board
 - North Bay Jack Garland Airport
 - Invest North Bay Development Corporation (inbay)
 - North Bay Hydro Holdings Limited
 - North Bay-Mattawa Conservation Authority

- The Business Centre (tbc)
- Board of Management of the Downtown Improvement Area (DIA)

Activity Summary Overview – 2024 Budget

Information Systems

The Information Systems department (I.S.) coordinates and collaborates with City departments and other organizations to continuously improve and expand electronic access to City services and information to citizens, businesses, and staff. The I.S. department supports desktop, mobile and remote computing environments with physical and virtual servers in datacenter and remote environments. The I.S. department also manages the transition to Cloud Based applications to ensure appropriate and consistent use of Cloud Based technology throughout the City.

Collectively, I.S. is responsible for the development and implementation of corporate computer and communications policy, procedures, and standards to support technology, improve business processes and to protect the assets of the Corporation.

The I.S. Department is divided into four specializations – service and support, network infrastructure and security, geographical information systems (GIS), and application development.

1. The **Service and Support** area provides in person and remote support to all the end users from every department and third-party organizations. They also install and test new software, roll out new computers, and decommission old ones, ensuring they are securely erased and recycled properly.
2. The **Network Infrastructure and Security** area is responsible for ensuring all backend hardware and software systems function properly and are secured against malicious attacks. They ensure both wired and wireless connectivity to all City owned buildings and third-party organizations is working satisfactorily, improving communications and security for everyone.
3. **GIS Services** include standard mapping platform support, data mapping support, and GPS mapping support. GIS services are used regularly in City departments and on special projects such as the Official Plan, Zoning, Transit, Economic Development Site Selector, etc.
4. **Application Development and Program Support** provides support for in-house and commercial applications. The Business Analyst works closely with city departments and third-party organizations, bridging the gap between I.S. and the business activities using data analytics to assess processes, determine requirements and deliver data-driven recommendations and reports. They translate these requirements into application design specifications that the developers use to build and update applications used throughout the organization. The applications supported range from landfill scales to financial systems to infrastructure management programs and include direct support, contact with third party vendors and maintaining connectivity between applications for data sharing.

Some of the applications I.S. supports include:

- Corporate Financial Applications
 - General Ledger
 - Accounts Payable/Receivable
 - Budgeting
 - Building, Planning, and Permitting
 - Purchasing/Inventory
 - Tax and Water Billing
 - Payroll
- Asset Management
- Parking Management
- External Websites & Internal Intranet
- Customer Relationship Management
- Event Scheduling and Ticketing
- Transit Scheduling
- Telephony Software
- Email
- CAD
- Mobile Device Software
- POA Court Recording
- Vehicle Telemetry Software

The I.S. Department implements and maintains secured, inter-site network connectivity to over 110 network locations including 26 transit buses, 3,000 devices, and 1,350 users connected by fiber optics as well as wireless technology, a corporate IP Telephony system that spans all City sites as well as the Service Partners and Local Boards that I.S. provides support and consulting services for, including:

- City Hall
- Parking Office
- Memorial Gardens
- Pete Palangio Arena
- West Ferris Arena
- Water Treatment Plant
- Wastewater Treatment Plant
- Merrick Landfill
- Hazardous Waste Depot/Septage
- Fire Station 1
- Fire Station 2
- Fire Station 3
- Marina
- Lee Park
- Public Works
- Transit Terminal
- North Bay Mattawa Conservation Authority
- DNSSAB West Nipissing
- DNSSAB Mattawa
- Cassellholme and Castle Arms
- North Bay Battalion
- North Bay Jack Garland Airport
- North Bay Police Service
- North Bay Public Library

Information Systems Positions

Activity Summary Overview – 2024 Budget

Legal Services

City Solicitor

Provides legal services required by The Corporation of the City of North Bay and Service Partners through a Solicitor entitled to practice law in Ontario with particular regard to Municipal Law and Municipal administrative procedures. Reviews legal matters referred to outside counsel.

Legal Services provides support to the following Service Partners:

- North Bay Public Library Board
- North Bay Jack Garland Airport
- Invest North Bay Development Corporation
- North Bay Hydro Holdings Limited

By-Law Enforcement

Provides for enforcement of all City By-Laws (except Property Standards, Vacant Building and Short-Term Rental By-Laws) where investigations are conducted in order to gather information to gain compliance and where compliance cannot be attained, to proceed with prosecutions including charging and testifying in court.

Securiguard Services Ltd. are contracted by the City to provide enforcement, primarily focused on parking by-laws, but also to conduct investigations for various other by-law infractions under the direction of the By-Law Enforcement Coordinator. The contract is for 5 years beginning September 2023.

The By-Law Enforcement Coordinator directs all enforcement of parking by-laws within the City. The Coordinator is the main liaison contact with Securiguard Services Ltd. which includes billing, time sheet reviews, officer selection and daily direction for up to 8 officers. The Coordinator also works with various security firms in the City acting as agents of the City for enforcement purposes for both smoking by-laws and parking by-laws, which includes training officers. The Coordinator also handles most by-law complaints made to the City, all complaints with regards to parking tickets issued by Securiguard Services Ltd. officers and all security firm agents, and provides support for the Prosecutor with regards to file reviewing and testifying for some North Bay Police Services' charges.

Activity Summary Overview – 2024 Budget

Provincial Offences Administration

The City operates the Provincial Offences and Court Administration Centre for the North Bay area which includes Trout Creek to Mattawa and Marten River to the French River, according to the following: a Provincial Memorandum of Understanding; a Municipal Partners' Agreement; a Court House Side Agreement; applicable statutory and common law.

Overview

- Most common violations fall under the Highway Traffic Act, Liquor Licenses Act, Compulsory Automobile Insurance Act.
- Other violations include, but not limited to, offences enforced by the Ministry of Transportation, Ministry of the Environment and Ministry of Natural Resources.
- The decline in moving violation tickets filed began in 2011/2012 and has continued to drop each year, particularly between 2020/2021 with the COVID-19 pandemic, but have steadily been increasing to pre-pandemic levels over the last few years.
- Continued backlog of court cases due to the pandemic.
- Collection of court-imposed fines remains a continuing challenge across Ontario municipalities.
- Third-party collection agency supports revenue collection.
- A new operating lease agreement with the City to be finalized.
- Provincial Offences and Court Administration Centre for:
 - City of North Bay
 - Town of Powassan
 - Town of Mattawa
 - Town of Trout Creek
 - Township of Bonfield
 - Township of Himsworth South
 - Township of Calvin
 - Township of Nipissing
 - Township of Chisholm
 - Township of North Himsworth
 - Township of East Ferris
 - Municipality of French River
 - Township of Mattawan
 - Municipality of Markstay-Warren
 - Township of Papineau-Cameron
 - Municipality of St. Charles
 - Municipality of Temagami
 - Nipissing Band No. 10
 - Municipality of West Nipissing

Business Unit Overview - 2024 Budget

General Government

Business Unit Pressures:

The 2024 budget includes the cost to deliver existing service levels to taxpayers. General Government encapsulates all corporate expenses that are not directly allocated to specific operating departments for the delivery of services. Items contributing to the overall net increase of \$1,302,265 or 13.72% over 2023 are as follows:

- **Principal & Interest and Capital Levy - \$1,057,652** - The capital levy is the annual funding contribution from the City's General Operating Budget that is used to finance projects within the City's General Capital Budget. In accordance with the City's Long-Term Capital Funding Policy, the Capital Funding Allowance increase of 1% is included in the Administration Recommended Budget. As in prior years, the budget does not include an inflationary adjustment in the calculation of the Capital Levy.
- **Hardship Grant Program - \$0** - This program was established for the 2021 Budget and is funded from the Tax Rate Stabilization Reserve. An agreement with LIPI was entered into for administration of the program in which funds are to be distributed to residents experiencing tax arrears arising from lost income during the pandemic. Originally, the program was set up at \$300,000; however, there was little uptake in the program, and it was reduced to \$100,000 for the 2023 budget year. The presented 2024 budget has no allocation for this programming.
- **Growth Community Improvement Plan (GCIP) Transfer to Reserves - \$100,000** - The approval of the GCIP program was approved with a funding plan that required an annual increase in the reserve transfer by \$100,000. Given the success of the program, this budget increase is required to ensure all approved applications are appropriately funded and that new applications can continue to be received in 2024.
- **Transfer from Reserves - \$793,801** – Council authorized the use of reserve funds to support the 2023 Operating Budget in the amount of \$1,990,628. It is recommended that the use of reserve funds within the Operating Budget be phased out over a 5-year period. Accordingly, the transfer from reserves has been reduced to \$1,600,000 in 2024.
- **OMPF – (\$41,800)** - The Ontario Municipal Partnership Fund (OMPF) is the Province's main unconditional transfer payment to municipalities. The enclosed 2024 Budget includes the City's allocation of \$10,198,200 which represents an increase of \$41,800 from the 2023 OMPF allocation.
- **Net Investment Revenues - (\$150,000)** - Additional investment and bank interest revenues are presented in this budget in the amount of \$150,000. A portion of the interest earned is directly related to reserve dollars and the applicable offsetting transfer is budgeted (see line #4005).

While interest rates have remained at historically high levels over the past few years, it is expected that rates will start to decline in 2024. The budget has been set based on historical trends and average cash balances. Any surpluses experienced during periods of higher interest rates, will be transferred to the Tax Stabilization Reserve to fund the recommended 5-year reserve phase out plan.

- **Supplemental Revenues - (\$75,000)** - A supplementary tax bill is issued by the City for additions, improvements, or adjustments made to a property with the revised property assessment finalized after the annual tax assessment roll is determined by MPAC. Over the past several years, there has been an increase in supplemental taxes realized and the budget is set on historical trends as well as projected activities.
- **Municipal Accommodation Tax (MAT) – (Net \$0)** - The City's MAT generates revenues to promote tourism in North Bay and leverage capital investment and development. As per the MAT Policy, net revenues collected are transferred as follows: 60% to Tourism North Bay and 40% to City Reserves. MAT revenues have a net zero impact on the City's Operating Budget. Council has authority to approve funding from the City reserves to associated capital projects as needed. The overall MAT budget has been adjusted to be more in-line with historical and projected future activities.

Service Level Changes (SLC):

- Office of the CAO – In Camera

Activity Summary Overview – 2024 Budget

Financial Expenses

Long-Term Financing

Long-term debt financing is one of many funding options to finance capital projects. The City of North Bay seeks out flexible terms that match the municipality’s needs. Consideration is given to the terms that match the life of the assets as well as interest rates, and payment frequency. The amount of annual long-term financing is governed by the City’s Long-Term Capital Funding Policy.

Capital Levy (Pay go)

The City’s Long-Term Capital Funding Policy stipulates the amount of the capital levy to be included in the operating budget. The capital levy is funding collected from the tax levy to support capital infrastructure projects in the City’s Capital Budget.

Write-offs & Contingencies

These accounts budget for the annual impact to the assessment roll resulting from assessment reductions.

Assessment changes may be initiated by the ratepayer or by the Municipal Property Assessment Corporation (MPAC). If an appeal cannot be resolved by MPAC an appeal with the Assessment Review Board (ARB) can be filed by the ratepayer. If the appeal goes to a Full-Hearing, expert witnesses representing the City’s interests are required.

An Assessment and Real Estate Specialist position administers the City’s Assessment Base Management Program, as well as other assessment related City programs. Monitoring of assessment appeals and proactive management of the assessment roll by the Specialist mitigates the deterioration of the assessment base.

Growth Community Improvement Plan (GCIP)

GCIP is a tool that allows a municipality to take actions to support improvements and redevelopment within a specifically defined Community Improvement Project Area. The four target areas within the plan are: Housing, Industrial, Downtown, and Waterfront Target Areas. Each area within the plan has defined incentives which require funding.

Activity Summary Overview – 2024 Budget

General Revenues

OMPF

The Ontario Municipal Partnership Fund (OMPF) is the Province's unconditional grant payment to municipalities.

Municipal Taxation

To provide for the calculation, administration, reporting, and collecting of municipal taxes. Property tax is the main revenue source for municipalities in Ontario. Municipal tax rates are set by each municipality based on their own individual tax revenue (tax levy) needs as part of their annual budget process and Total Weighted Average Assessment.

Payments In Lieu

The City records payments in lieu (PIL) of taxes for properties owned by the federal or provincial government.

The Government of Canada makes payments under the Payments in Lieu of Taxes Act. Through its federal departments and Crown corporations and agencies it owns a large inventory of property that includes: office buildings, harbours, prisons, national parks, RCMP detachment buildings and post offices.

Properties owned by the Province of Ontario or provincial Crown corporations make PIL payments under the Municipal Tax Assistance Act for properties occupied or owned by the province, tenanted provincial property and property leased by the province from exempt entities.

Most federal and provincial properties benefit from the services provided by municipalities and the governments firmly support the principle that, as a property owner, even though it is exempt from taxation, it should share the cost of local government equitably with other property owners in the community. Payments are based on the principle of fairness and are equitable in comparison to those made by other property owners.

Municipal Accommodation Tax

On November 23, 2017, the Province of Ontario issued the Transient Accommodation Regulation 435/17, which came into force December 1, 2017 and provides the necessary provisions for municipalities across Ontario to implement a Municipal Accommodation Tax (MAT).

The implementation of a Municipal Accommodation Tax creates revenue to promote tourism in North Bay and leverage capital investment and development. A capital/infrastructure focus will enhance the City's ability to finance tourism assets and also serve to improve infrastructure sustainability and in doing so strengthen North Bay's ability to attract and offer major event opportunities as well as new business.

Activity Summary Overview – 2024 Budget

Mayor and Council

This cost center captures the expenses associated with the operations of the Mayor’s Office and the activities of the City’s ten councillors. Costs include compensation, travel, training conferences, office supplies, reception and other administration costs associated with City Council.

Municipal Elections are held every 4 years on the fourth Monday in October. The next municipal election will take place on Monday, October 26, 2026.

Mayor and Council Positions

	2023 Elected Officials	2024 Elected Officials
Mayor	1.00	1.00
City Councillor	10.00	10.00
Totals	11.00	11.00

Integrity Commissioner

On May 30th, 2017, multiple legislative amendments were passed through Bill 68. Part of the amendments focused on accountability and transparency and included the need for the public and municipal councillors to have access to an Integrity Commissioner, with broadened powers to investigate conflict of interest complaints and provide advice to councillors. The Integrity Commissioner services are included in legal fees within the Mayor’s cost centre.

Activity Summary Overview – 2024 Budget

Office of the CAO

The Office of the CAO is responsible for the administration, coordination and direction of all affairs of the Corporation in accordance with the policies and direction established by the Mayor and Council. In addition, the office includes the Communication and Strategic Development division.

The Communications and Strategic Development Officer supports the following:

- assists with the implementation and communication of the City’s Business Plan
- develops and administers the approved Corporate Communication Plan
- coordinates corporate public relations activities and events
- develops and implements approved standards and protocols for social media networking mediums and content management of the corporate intranet
- oversees the approved graphic presentation and content management of the corporate web site
- assists in the preparation and distribution of media notices or releases
- reviews and implements approved recommendations with regards to identity and brand management for the City of North Bay
- assists with the development and implementation of approved policies and standards across the Corporation
- ensures consistent marketing and promotion of the City of North Bay
- acts as corporate media liaison as required

This cost centre captures all the costs associated with the operations of the Office of the Chief Administrative Officer including total compensation, training, travel, office supplies and other administration costs.

Business Unit Overview - 2024 Budget

Infrastructure and Operations (IO)

Business Unit Pressures:

The 2024 budget includes the cost to deliver existing service levels to taxpayers. Significant changes in the 2024 budget are a result of contractual personnel obligations, phase-in of annualized positions, increased statutory costs such as WSIB rate charges, and increases within contractual agreements. The overall net increase of \$684,234 or 2.99% can be highlighted as follows:

- **Personnel Costs - \$549,398** – Pressures include phase-in of annualized positions and anticipated contractual salary and benefits increases. Approved City Union Contracts are in effect until December 31, 2024, as well as the approved Non-Union Salary By-law. Student wages have been adjusted to the new Provincial Minimum Wage rate. Project/Capital wage costs are presented in this budget and are offset with revenues transferred from the Capital Budget. Capital wage costs do not directly place pressure on Operating Budget requirements. See offset line #0460.
- **Fuel – (\$119,613)** - The fuel budget was set based on expected usage at an estimated weighted average rate of \$1.57 per litre (12-month average), plus the carbon tax increase in April 2024, and the Ontario Fuel Tax reestablishment by June 2024, totaling \$0.0529 per litre. The estimated overall weighted average fuel rate totals \$1.62 per litre (2023 - \$1.78).
- **Winter Control - \$160,410** - Consistent with past practice the winter control budget is based on the historical 7-year average. The budget increase is related to personnel costs and anticipated service level requirements. All year-end surpluses or deficits are recommended to go to or from reserves. Currently, the balance in the Winter Control Reserve is \$207,562.
- **Transit Revenues – (\$343,000)** - Transit revenues have significantly rebounded in 2023 and it is anticipated that revenues will increase by \$343,000 in 2024.
- **Parking Revenues – (\$151,000)** - Parking revenues have significantly rebounded in 2023 and it is anticipated that revenues will increase by \$151,000 in 2024.
- **Transfer to Reserves - \$231,723** - The change in Transfer to Reserves primarily relates to the Fleet department. A transfer to reserves is annually budgeted within the Fleet department for future Fleet Capital purchases.
- **Transfer from Reserves – \$453,025** - Overall the use of reserves has decreased in 2024. In order to support Transit Recovery to pre-pandemic levels, reserve funding was included in the 2023 budget to offset transit revenue pressures. This reserve transfer has been phased out for the 2024 budget.
- **Sale of Recyclables - \$145,000** - The City has seen significant price decreases for the sale of recyclable goods in 2023. The average price per tonne received in 2022 was \$269.28, while in 2023 it was only \$159.66. Collection has also reduced slightly due to contract changes. It is assumed that market rates for recyclables will remain at current levels and collection will stabilize. The 2024 budget has been decreased by (\$25,000) to reflect anticipated recyclable revenues. In addition, the budget has been adjusted for an expected decrease (\$120,000) in Stewardship Agreement revenues (Provincial formula driven agreement). The net impact is a decrease in revenues by (\$145,000).

- **Zero-Cost Centers - \$0** - There are departments within the City that are deemed to be self-sustaining due to either legislation, City policies, or operational best practices. For IO these include the Marina and Fleet departments.

Fleet operates on a full cost recovery life cycle management approach. Using performance metrics, the system is set up to optimize operations and adequately sustain Fleet inventory for future years. An allocation of Gas Tax dollars (\$500,000) is also utilized to cover a portion of transit capital costs.

City's practice has been to operate the Marina as a zero-cost center by utilizing surplus years to offset deficit years in order to minimize any impact to the general taxpayer.

Service Level Changes (SLC):

- Environmental Services – Recycling at City Facilities & Public Spaces
- Roads – Implementation of Repairs to Private Entrances Culverts
- Transit – Fare Increase
- Engineering – In Camera

Activity Summary Overview - 2024 Budget

Aquatic Centre

To provide for the agreement between the YMCA and the City of North Bay to assist with costs to maintain the Aquatic Centre operated by the YMCA.

- Aquatic Centre Capital & Operating budget development and implementation in coordination with the YMCA
- Capital Project Management; planning, execution, risk management, closure, warranty follow-up
- Budget reporting and management
- Participate on Energy Efficiency Action Committee
- Creation, implementation, and maintenance of an asset management plan
- Health & Safety

Activity Summary Overview - 2024 Budget

City Hall Facilities

To operate and maintain City Hall facilities. Provide on-going development and rehabilitation of the building and its equipment with an emphasis on accessibility, energy efficiency and sustainability of the facility.

- Capital and Operating budget development and implementation
- Capital Project Management; planning, execution, risk management, closure, warranty follow-up
- Budget reporting and management
- Janitorial services
- Participate on Energy Efficiency Action Committee
- Health and Safety

Activity Summary Overview - 2024 Budget

Engineering Services

The major activities of the Engineering Department include project management for design and construction of municipal infrastructure (roads, streetscaping, watermains, sanitary and storm sewers, culverts, and bridges) including pre-engineering surveys for design, environmental assessments, preliminary and detailed design, as well as contract administration and inspection for construction projects. Other activities include asset management, traffic engineering, development review, long-term planning studies, utility approvals, and private property servicing requests (service contracts). The major categories of activities are Infrastructure, Capital Works, Engineering Technical Services, Development, and Traffic.

Infrastructure

The Engineering Department conducts studies and analyzes the performance of the City's infrastructure networks to ensure that the provision of road, water and wastewater services are safe and reliable. This is accomplished through the following programs: Asset Management for the core assets, including updates to asset data and the Asset Management Plan; Bridge and Culvert Management Program; Infrastructure Needs Assessment; and Pavement Management Program.

Capital Works

Activities for municipal infrastructure projects (roads, streetscaping, watermains, sanitary and storm sewers, culverts, and bridges) include:

- In-house survey
- Management of specialized consultants (geotechnical, etc.)
- In-house/consulted Environmental Assessments
- In-house/consulted preliminary and detailed designs
- Project management for design and construction
- Management of consulted engineering services
- In-house contract administration and inspection services for construction
- Collection of as-built construction information

The Engineering Department also provides planning, survey, design, cost estimating, and advisory services to other City departments with respect to their capital works.

The department is a liaison with regulatory agencies and utilities to obtain permits and approvals and to coordinate design and construction activities.

Engineering Technical Services

The department provides a wide range of services to the general public including:

- General engineering inquiries
- North Bay maps (Road, Rural and Urban)
- Engineering drawings (Plan & Profile, Details, City Standards)
- City projects digital drawing archives
- Servicing requests from private property owners for water, sanitary, and storm connections (Service Contracts)
- Property status requests
- Utilities Municipal Consent processing (Hydro, Telecommunication, Gas, etc.)
- AutoCAD mapping services

- Traffic counts
- Maintenance of as-built construction information

Development

Engineering assists the Planning Department with review of new developments including: Subdivision Development (Subdivision/Draft Plan Approvals, Pre-servicing Agreements, and Subdivision Agreements), Site Plan Control Agreement Applications, Major Property Development, General Property Development, Committee of Adjustment Applications, Minor Variance Applications, and Consent Applications. Engineering provides comments and recommendations related to the storm water management, water and sewer servicing, grading, erosion and sedimentation control, and traffic impacts.

Traffic

Activities for traffic engineering services include: review, analysis, and recommendations for traffic requests (stop signs, traffic signals, pedestrian crossings, and speed concerns).

Totals	18.50	18.30

- Notes:**
- * Partially funded from Capital Budget.
 - ** Infrastructure Engineer and one Field Tech I funded entirely from Capital Budget.
 - *** Most of the activities and tasks of the various positions are directly related to Capital projects and are therefore recovered from the applicable projects. These activities include project management, surveying, design, contract administration, and inspection.
 - **** 3-year secondment for the Community Center Capital Project.
 - ***** One-year contract which is partially funded by NOHFC.
 - ♦ FTE change due to an internal departmental reorganization.

Activity Summary Overview – 2024 Budget

Environmental Services

The Environmental Services' budget provides for the operation and maintenance of the engineered landfill sites, waste and recycling collection, household hazardous waste disposal, and environmental remediation and consulting services for contaminated lands owned by the City.

Garbage Collection

Solid waste collection is contracted to Miller Waste Systems. The contract commenced July 1, 2010. It was amended and extended to July 1, 2020 with a new termination date of July 1, 2030. All residents of North Bay receive waste collection; an estimated 19,000 households will receive curbside pick-up and approximately 4,500 households are served through the multi-residential collection service.

Blue Box Program

The Blue Box Program includes collection, processing, sales of goods and advertising. The Blue Box Program is included in the Garbage Collection contract with Miller Waste Systems. The City also leases the Recycling Facility and the lease is scheduled to end June 30, 2025.

Waste diversion is a Ministry of the Environment, Conservation and Parks (MECP) requirement of operating the City's landfill site and is subsidized through Provincial Stewardship Programs. The program cost is currently funded between 40% to 50% depending on performance and efficiencies measured through a provincial data call. The higher the measured performance the greater the funding received. The City has consistently received close to 50%.

The MECP has released legislation in regard to a new producer pay program called Extended Producer Responsibility (EPR). This will involve a transition away from the current blue box system in which producers of recyclable materials share recycling costs with the municipality. The new system will see the Province take complete control of the blue box recycling with producers being responsible for the entirety of the cost of the program. The new provincial program will standardize recycling across Ontario. The City of North Bay has been notified by the Province that we will be transitioning in 2025. There are several unknowns in regard to how EPR will affect the City of North Bay; however, staff will continue working with the Province and the current service provider over the next 2 years to develop a framework for the transition.

Household Hazardous Waste (HHWD) and Waste Diversion Depot

Maintaining a Household Hazardous Waste Program is a requirement of the Certificate of Approval to operate a Landfill.

The City of North Bay has been providing a Household Hazardous Waste Depot (HHWD) to residents of North Bay and surrounding participating municipalities since 1998. The site is open year-round and accepts hazardous products that residents accumulate in their home. The HHWD is also the site for residential free leaf and yard waste drop off, free electronics drop off area as well as scrap metal drop off. Since the facility opened in 1998 the City of North Bay has been inviting surrounding small municipalities to participate in the use of the North Bay Depot at the rate of \$2/household. Effective January 1, 2024, the fee for surrounding Municipalities to participate in the use of the North Bay HHWD will increase from \$2/household to \$4/household and the updated fee has been reflected in the budget.

Waste Diversion Strategy

The City of North Bay has a waste diversion strategy which seeks to identify and implement strategies to expand participation in recycling/waste reduction initiatives which ultimately increase waste diversion from the City of North Bay Landfill. Environmental services staff manage the implementation of these strategies with regular consultation from Council and the Waste Resources Liaisons Committee (WRLC).

Merrick Landfill

The Merrick Landfill Site operates under the Ministry of Environment, Conservation and Parks (MECP) Provisional Certificate of Approval No A530116 which provides the disposal of domestic, commercial and non-hazardous solid industrial wastes within a 16.4 hectare area of a 360 hectare site. Since the landfill opened in July 1994 the site was operated by a combination of a contracted Site Operator retained by the City and City personnel. In 2021 Council approved City staff's proposal to bring the entire operation of the landfill in-house. On January 1, 2022 City staff took over the operation of the landfill which includes controlling access to the site, operating the tipping face, maintaining the road network, weigh scale, leachate treatment, landfill gas collection and environmental sampling.

As of December 31, 2023, the Merrick Landfill site is 29 years old and has an estimated remaining life of 16 years based on the Engineer's report.

Tipping fees are collected on commercial/industrial waste deposited at the landfill site. In 2023, tipping fees increased from \$102 to \$105/tonne. Tipping fees are recommended to be increased from \$105 to \$110/tonne effective April 1, 2024 (Approved by Council January 2024). This increase has been reflected in the tipping fee revenue line item.

Leachate Treatment

The Leachate Treatment Facility, which is a requirement of the Ministry of the Environment Certificate of Approval, was commissioned in 2018. The Facility treats leachate from the lined Merrick Landfill waste cells 5-8 and discharges the treated effluent into an infiltration basin.

Marsh Drive Landfill

Marsh Drive Landfill closed in 1994. Costs are for the perpetual care of the landfill.

Environmental Services Positions

	2023 FTE	2024 FTE
Senior Engineer	0.33	0.33
Director PW and Parks	0.00	0.20

Activity Summary Overview – 2024 Budget

Fleet Management

The Fleet Department represents vehicle costs for Wastewater, Water, Roads, Traffic, Survey, Parks, Arenas, Parking, Landfill, Fire and Transit Departments.

An independent review of the City’s fleet operations was conducted in 2014 and the City moved ahead with implementation of a number of directives identified in that review. In 2018, the City implemented a new Fleet Management Information System (FMIS) that streamlines the workflow, enhances the reporting and management of the fleet. 2019 was the first complete year using the new system which also coincided with Central Stores operations moving under Fleet Management. In 2022, Fleet assisted the Landfill and purchased new equipment for Landfill operations which is now maintained by Fleet.

Life Cycle Management

Fleet is mandated to operate with a full cost recovery life cycle management approach. Lifecycle management refers to everything from the cost of buying the vehicle, the on-going operational costs such as insurance and maintenance, as well as the value of the vehicle once obsolete. This approach focuses on the cost and performance management of the entire fleet pool. Using performance metrics, the system is set up to optimize Fleet operations. The approach includes:

- Vehicle and equipment age is set by mileage, time, hours used and anticipated usage
- Replacement intervals are set to maximize resale value and minimize excessive repairs
- Performance tracking tools are used to assist in management of vehicles and equipment
- Adherence to regulatory compliance
- Driver safety training is provided to staff
- Competent equipment operators

The Fleet Department is a zero-cost center. Annually the Fleet Department determines the operational requirements to operate the department and in turn charges all City departments with fleet requirements ‘Vehicle Usage’ rates within their respective budgets.

Activity Summary Overview – 2024 Budget

King's Landing

To provide for general maintenance of the municipal dock (King's Landing). It includes the buildings and utilities to ensure their prescribed use.

In 2011, King's Landing underwent a structural integrity report which identified some significant structural recommendations for the next 10 years. At that time capital funding required to maintain the current operation of King's Landing was estimated at \$2.5 million. The immediate remediation recommended was completed to ensure continued safe use of the facility.

In 2013, the City contracted Mitchell Architects to complete a Waterfront Commercial Tourism Attraction Feasibility Study with the intent to consider growth potential of all areas along the Golden Mile and inclusive of the Marina and King's Landing. This report was presented to Council in the spring of 2014.

In 2015, King's Landing underwent a structural integrity report to determine its operational load capacity and review potential repair requirements and opportunities including their costs. This report was received in the spring of 2016. The report identified several deficiencies that were addressed and load restrictions that were implemented. The report also provided high level estimates for the rehabilitation of segments of the wharf (estimates of potential options ranged from \$2.5 to \$3 million).

In 2016, an Environmental Assessment Study was initiated to identify long term options for rehabilitation or redevelopment of the wharf.

In 2017, options for the potential redevelopment of King's Landing were presented. Council directed staff to complete cost estimates for the rehabilitation and redevelopment of King's Landing.

In 2018, 60% detailed design with costing for comparative purposes of the redevelopment versus rehabilitation options were undertaken.

Comparative designs including costing, supporting background and a preferred alternative were presented to Council in July 2019 for Council's direction. Council approved the preferred alternative for the phased replacement of the King's Landing Wharf with a naturalized spit and expansion of the pier on the south side of the Marina as recommended by the Schedule C, Class Environmental Assessment (EA) and directed Staff to complete the Schedule C, Class EA Report and table it for the 30 day review period.

The preferred alternative includes 4 phases:

- Phase 1: Major Rehabilitation of existing King's Landing
- Phase 2: Construct New South Pier / Commercial Area
- Phase 3: Construct Rock Fill Wavebreak
- Phase 4: Landscape / Naturalize Wavebreak

Construction would be scheduled depending on the availability of the necessary funding and direction of Council. In the meantime, continued maintenance of King's Landing has been budgeted.

In June 2020 the City received confirmation that MECP has no further input or objections to the Project and as such the Class EA for the project is complete. At the same time MOECC

confirmed that no Part II Orders were received. Upon initiation of the future project MECP requested that North Bay District Office be consulted regarding this project where appropriate.

Activity Summary Overview – 2024 Budget

Marina

To provide personnel, goods, and services to operate the North Bay Waterfront 220 boat slip Marina from May to October. This includes the waterfront boat launch, kayak storage, launch services and security services during the night.

Activities include:

- Slip bookings and renewals
- Sale of ice, worms, fuel, merchandise
- Kayak rack rentals
- Pump out of boat septage
- Dock, building and grounds maintenance
- Boat launch sales
- Fuel tank maintenance and operation
- Provision of overnight security

Marina Positions-

	2023 FTE	2024 FTE
Facilities Coordinator	0.30	0.30
Assistant Marina Coordinator *	0.39	0.42
Marina Attendant *	1.40	1.58
Totals	2.09	2.30

Note: * Seasonal FTEs reflect anticipated hours to meet operational, safety and legislated requirements. Service levels have remained the same and the change is to better reflect historical actuals.

Notes:

Future direction by Council regarding the Waterfront Tourism Commercial Attraction Feasibility Study, Downtown-Waterfront Master Plan, and the King’s Landing Redevelopment or Rehabilitation could have an impact on Marina Operations in the future.

The Marina operates as a zero-cost center and does not currently impact the tax levy. Any shortfall in revenues is offset by a transfer from the Waterfront Purposes Reserve.

Activity Summary Overview – 2024 Budget

Parking Operations

Provides for the maintenance and management of the City's on and off-street parking program including:

- Parking Department Capital & Operating budget development and implementation
- Capital Project Management; planning, execution, risk management, closure, warranty follow-up
- Budget reporting and management
- Management of monthly parking rental program
- Participation with the internal Downtown working group
- Participation on the Energy Efficiency Committee
- Parking lot development
- Daily and seasonal maintenance
- Coin collection and processing
- Parking meter maintenance
- Coordinator schedules work for both Parking and Parks staff in the Central City core

Activity Summary Overview - 2024 Budget

Parks Operations and Sports Field Complex

Parks Administration

To provide for the administration, development, supervision, and maintenance of 775 hectares of parkland and facilities.

Building & Infrastructure

To maintain the 30 parks buildings, 4 picnic shelters and other park amenities including 12 ball fields, 14 sports fields, 3 tennis courts, 8 pickleball courts, 3 multi-use courts, 2 basketball courts, 24 playgrounds, 11 outdoor rinks, 1 splash pad, 1 skateboard park, irrigation systems, fountain, pathways, roadways, parking lots, Kate Pace Way, nature trails, parks furnishings and docks.

To provide for the set-up, maintenance and take down of special events in the City including: Families First, Family Day, Canada Day, Santa Claus Parade and parks permits such as walkathons, triathlons, concerts in the park, weddings, family and corporate picnics, sports tournaments and other summer events.

Central City Maintenance

To maintain the following high-profile areas within the Central City Area:

- | | |
|-----------------------------------|-------------------------------|
| ➤ Algonquin Median Planter | ➤ Algonquin Regiment Parkette |
| ➤ Civic Square | ➤ City Hall Parkette |
| ➤ Ferguson Block Parkette | ➤ Downtown Sidewalks |
| ➤ Richardson Fountain Parkette | ➤ Memorial Park |
| ➤ Waterfront Pedestrian Underpass | ➤ Transit Terminal |

Grounds Maintenance

To provide for the horticultural, turf and arboricultural maintenance, garbage removal, beach, and cemetery maintenance.

- | | |
|--------------------------|--------------|
| ➤ Total number of parks | 73 parks |
| ➤ Total fine turf areas | 87 hectares |
| ➤ Total rough turf areas | 25 hectares |
| ➤ Trees to maintain | over 2,500 |
| ➤ Shrubs to maintain | over 9,850 |
| ➤ Flowers to maintain | over 20,000 |
| ➤ Public Beaches | 10 |
| ➤ Lake Accesses | 42 |
| ➤ Cemeteries | 1.9 hectares |

Minor Equipment Maintenance

To maintain Parks small vehicles and equipment including:

- utility vehicles, zero turn mowers, utility tractors
- turf equipment - over-seeder, aerators, top-dresser, mowers, sod cutter
- ball diamond groomer, beach groomer, rototillers
- lawnmowers, line trimmers, snow blowers, leaf blowers, chain saws

Summer Capital Projects

The budget for this cost center has a net total of zero dollars. It documents the 6 Summer Season positions assigned to the Parks Capital Projects. The significance of the Summer Capital Projects crew include:

- this crew is assigned to projects that have a small scope of work
- contractors typically charge a premium for these small projects
- Parks is able to set the priority and schedule for this work
- administrative efficiencies and savings due to the elimination of RFQs and invoicing
- the result is these projects are more cost effective

Steve Omischl Sports Field Complex

To provide for the maintenance of the Sports Field Complex that has staff on site seven days a week who maintain the following:

- 2 artificial turf sports fields
- 1 natural turf sports field
- 3 ball diamonds
- washroom/change room

Activity Summary Overview – 2024 Budget

Roads Department

Ditching and Drainage

This activity reflects the costs associated with the maintenance and repair of approximately 320 kms of surface drainage facilities. It includes cleaning, stabilizing and reshaping of ditches, bridge maintenance, maintenance and repair of roadway culverts, the replacement and repair of concrete curbs and asphalt gutters. Work is carried out mutually by staff and contractors.

Roadway Maintenance

Roadway maintenance includes the maintenance of the road surface in compliance with the Provincial Minimum Maintenance Standards (<https://www.ontario.ca/laws/regulation/020239>) excluding drainage. It includes asphalt roadways, sidewalks, gravel roadways, shouldering, sweeping/cleaning and boulevard maintenance. Work is carried out by staff and contractors managed by staff. There is maintenance in the form of patching and surface treatment as well as improvements and street resurfacing under contract.

Total road systems are comprised of over 800 lane kms which consists of arterial, collector and local streets; approximately 27% of which is rural.

Service Contracts

This activity includes curb cuts and/or culverts for new entrances, which is funded by the applicant of the service. Fees are determined through direct service contracts with the City of North Bay on a full cost recovery basis.

Sidewalks

This activity includes the maintenance and replacement of existing sidewalks in compliance with the Provincial Minimum Maintenance Standards; does not include winter maintenance or costs for new sidewalks. There are approximately 150 kms of sidewalks which are comprised of both asphalt and concrete.

Street Lighting

This activity includes the power and maintenance for street lighting in compliance with the Provincial Minimum Maintenance Standards. The locations include residential (3,554), collector (1,051), arterial (786) and Airport Terminal lights (31).

Traffic

Traffic activities are planned through both the Provincial Minimum Maintenance Standards and emergency response situations. With regards to the Provincial Minimum Maintenance Standards, work includes pavement markings, traffic control, signal maintenance and improvements, regulatory/warning sign retro-reflectivity survey, maintenance and replacement, street name sign maintenance and repair, railway crossing and guide rail maintenance. With regards to emergency work, the Traffic Department responds to emergencies (i.e. fires or MVC) and control the scene by installing temporary signage and road closures signs.

Winter Control

This activity accounts for winter maintenance in the form of snow plowing, sanding and salting of both City streets and sidewalks. Work is performed by City staff using City equipment supplemented by contracted vehicles and equipment for snow removal.

Winter control activities are planned and executed to maintain compliance with the Provincial Minimum Maintenance Standards. The Roads Department documents all winter control activities and reviews industry standard practices to ensure efficiencies and cost effectiveness.

Supervision of Roads and Traffic

All the activities listed above include both wages and vehicle costs for the Director of Public Works and Parks, the Roads, Traffic and Landfill Operations Manager and three Roads Supervisors.

Roads Department Positions

	2023 FTE	2024 FTE
Director, Public Works and Parks *	0.00	0.60
Manager	0.90	0.90
Supervisor	3.00	3.00
Chargehand	5.00	5.00

Activity Summary Overview – 2024 Budget

Storm Sewers

Maintenance

Cleaning, maintenance, and repair of approximately 226 km of storm sewers, 2,417 storm manholes and 4,877 catch basins.

Connections

Maintenance and repairs of existing service connections and installations of new service connections from the storm mains to the property line.

Fees are determined through direct service contracts with the City of North Bay on a full cost recovery basis.

Restorations

Provide for the construction and/or repairs of the storm sewer system.

Hydrants

Repairs and maintenance of 1,458 fire hydrants and installation of new hydrants where required as well as provide winter access to all fire hydrants.

Allocated Employees

4.00 full time equivalent employees (FTE's) from the Water and Sanitary Sewer crew are allocated to the Storm Sewer System and Fire Hydrants as follows:

Storm Sewers Positions

	2023 FTE	2024 FTE
Director, Public Works and Parks **	0.05	0.00
Operations Manager, Water & Sewer	0.10	0.10
Administrative Supervisor, Public Works	0.05	0.05
Operations Supervisor, Water & Sewer*	0.40	0.40
Chargehand*	0.60	0.60
Operator 1*	1.90	1.90
Loader Backhoe Excavator	0.05	0.05
Certified Sewer Cleaner/Flusher	0.30	0.30
Truck Driver	0.10	0.10

Activity Summary Overview – 2024 Budget

Transit

The Transit Department provides Transit and Para Bus daily services. It includes scheduling; training; responding to public inquiries; providing transit dispatch; and accident investigation and reporting. Pre-pandemic, the annual service was 64,000 operating hours, 1.3 million kilometers travelled and provided over 1.5 million rides.

In 2023, Transit continued to operate a hybrid operation of fixed and dynamic routing adjusting the service hours, frequency, and routing to match the current demand. Through to the end of 2023, Transit is projected to travel 1.1 million kilometers and provide approximately 1.1 million rides.

It is planned to continue into 2024, operational reviews that include updating or adjusting routing if required. Transit has projected it will provide 1.2 million rides in 2024.

Plant & Premises

Transit operations includes providing accessible transit shelter maintenance and installation, installation and maintenance of bus stop signs, janitorial services and grounds maintenance for the terminal and grounds area for public and operations use at the Oak Street Terminal.

Para Bus

Para Bus operations provides for a safe and efficient method of accessible transportation for people with (physical) disabilities in North Bay, maintains the specialized services as legislated, and operates a public information and dispatch office.

Crossing Guards

The Transit Department provides for Crossing Guards at 15 crossing locations within the City to allow safe crossing for children up to grade 8.

Transit Positions

	2023 FTE	2024 FTE
City Engineer	0.10	0.10
Transit Manager	1.00	1.00
Administrative Assistant	1.00	1.00
Transit Supervisor	2.00	2.00
Transit Planning Analyst	1.00	1.00
Transit Operator*	24.00	24.00
Transit Bus Wash Operator	2.36	2.36
Spare Board Operator	5.31	5.31
Crossing Guard	2.84	2.84
Totals	39.61	39.61

Note: * Budget reflects staffing levels of 22 Transit Operators. The two vacant positions will not be filled until demand increases to 2019 levels as the system recovers from the impact of COVID-19.

Business Unit Overview - 2024 Budget

Service Partners

Business Unit Pressures:

The 2024 budget includes the cost to deliver existing service levels to taxpayers. In general, there are no significant changes in routine operating activities. Items contributing to the overall net increase required of \$2,564,008 or 5.4% over 2023 are as follows:

- **North Bay Police Services – \$1,552,151** - The 2024 budget includes changes to negotiated contracts as well as benefit rate increases. This budget includes a transfer from Cannabis Reserves in the amount of \$193,500 to support programming and revisions to the court security and prisoner transportation agreement. Budget approved by Board.
- **DNSSAB – \$373,857** – Budget Letter on file. Budget approved by Board.
- **North Bay Public Library – \$149,884** - The 2024 budget includes changes to negotiated contracts and benefit rate increases, as well as use of reserve dollars to offset the current cost pressures. Budget approved by Board.
- **North Bay-Mattawa Conservation Authority - \$582,381** – Due to a realignment in Conservation Authority operational and capital budgets, (Conservation Authority Act), certain budgeted costs have shifted between operating and capital budget submissions. Savings have been realized in the City’s capital budget.

Service Level Changes (SLC):

- None presented.

Activity Summary Overview – 2024 Budget

Invest North Bay Development Corporation

The Operating Agreement between the City of North Bay and the Invest North Bay Development Corporation (inbay) expired on July 29, 2021.

The organization inbay is a corporation without share capital under the Corporations Act in the Province of Ontario. The Corporation will wrap-up its operations and cease to be a corporation by way of the means required by legislation.

Overview - 2024 Budget

Service Level Changes

The 2024 Administrative Recommended budget presented includes an overall net levy increase of \$5,034,207 or 4.76%. Proposed Service Level Changes for the budget year are as follows:

2024 Administrative Recommended Budget	\$ 5,034,207	4.76%
ACRS – Beach Program (Lifeguards)	19,758	
ACRS – North Bay Century Celebrations 2025	-	
Community Services Admin – Community Outreach & POST Program – One-Year Extension	-	
Parks Revenue – Pickleball Court Fees	(3,840)	
Planning – Third Party Compliance Software – Short-Term Rentals	10,000	
Customer Services – Customer Services Clerk (Part Time Relief)	19,094	
Human Resources – Intern	34,915	
Environmental Services – Recycling at City Facilities & Public Spaces	51,615	
Roads – Implementation of Repairs to Private Entrances Culverts	60,000	
Transit – Fare Increase	(55,351)	
Office of the CAO – In Camera	47,672	
Engineering – In Camera	7,129	
2024 Administrative Recommended Budget with SLCs	\$ 5,225,199	4.94%

Budget Impacted: Municipal Levy Building Permit Reserve Other Water Sewer

Detail:

Since the pandemic, lifeguard recruitment throughout Ontario and Canada has been very challenging. The City has not been able to open all three beaches because of lack of available lifeguards. By increasing the beach lifeguard service schedule from July - August to June - August, we will create a longer season of supervised beaches as well as potentially attract more staff. Currently, lifeguarding staff are at a province wide low and by offering longer service time as stated, we will make the city lifeguarding positions more attractive employment.

Link to Strategic Plan:

- **Spirited Safe Community**
 - Develop and provide recreational and community center services geared to meeting the broad spectrum of needs in the community.

Detail:

This Service Level Change is recommended in order to plan and execute the 100th anniversary events to celebrate North Bay in the year 2025. The request includes a contract staff member for 15 months to plan and coordinate the administration and logistics for organizing these activities. An NOHFC grant was secured to offset expenses for staff wages for 2024. Report to Council CSBU 2023-076 was passed by Council approving the membership of North Bay's Community Centennial Celebration Committee. These funds will be used by the committee and staff to plan and execute the 100th anniversary events.

An overview of the types of activities and events that are being considered in the initial brainstorming sessions include 2025 event hosting program increase for community events, enhancement to annual municipal events (i.e. Canada Day, Santa Claus parade, Families First), new 2025 events (TBD by the committee), Homecoming week celebrations/concert, and a Legacy project.

Staff will investigate and apply for grants that fit with the program to offset the budget as well as work with the committee members to generate sponsorship opportunities around the events.

The estimated budget expenses are \$915,000 for 2024 & 2025, with associated revenue from the Tax Rate Stabilization Reserve.

Link to Strategic Plan:

- **Natural, North & Near**
 - Celebrate North Bay's proud history and heritage.

Detail:

City Council approved funding of up to \$150,000 for the Peer Outreach and Security Team (POST) pilot in Report to Council CSBU-2023-053, dated July 6th, 2023, to complement and enhance existing outreach services (CMHA'S HCAP), to add after hours and weekends in the DIA and Waterfront locations, and expand to include the business district on Cassells in August.

In its 7 months of operation, POST members provided a consistent combination of social support and lower tier enforcement support. Connecting with up to 35 individuals daily, POST provided supports and referrals, de-escalated and addressed multiple incidents of anti-social behavior, and provided emergency medical assistance on several occasions. Following the dissolution of HCAP in November, POST remained as the only full-time outreach team in the city.

In addition to the positive public comments throughout the pilot, a DIA Outreach Survey was conducted December 2023. Participants, (N=43), expressed gratitude and praise for the program that generated visibility and support for business owners, patrons, and the vulnerable. Although a slim majority (54.68%) felt comfortable in the DIA between 7am-9pm, 53.66% of respondents indicated POST changed their level of comfort in a positive way. When asked if POST should continue, 85.71% responded in favor, and 14.29% remained neutral.

The original pilot drew to a close on January 31st, but thanks to top-up funding provided by the Federal Reaching Home Grant, outreach will continue through to April 30th, 2024.

City Staff have met with DNSSAB to explore any interest in DNSSAB involvement with providing funding for POST. These conversations, geared towards a DNSSAB funding solution are continuing.

On January 25th, the DIA Board also expressed their strong interest in having POST continue, adding the previously City committed funds of \$12,000 towards DIA Security costs (3455), could be applied to a continuance of POST.

With the current absence of external partners available to secure the necessary funding to continue POST, and the demonstrated need for the program, Community Services is seeking a Service Level Increase in 2024 of \$100,000 to provide POST in the Downtown Waterfront Area from May 1st to September 30th, as well as the redeployment of the security detail at the volleyball courts, splashpad, museum, and Waterfront. Funding recommended from the Tax Rate Stabilization Reserve, with efforts focused on external partners forming agreements to fund the on-going initiative.

Link to Strategic Plan:

- **Spirited Safe Community**
 - Work with community stakeholders to enhance safety and integration throughout the city.

Detail:

City of North Bay STR Program

The City's Short-Term Rental (STR) By-law and licensing program has been in effect since early 2023. Since the implementation of the program, the City has taken a voluntary compliance/complaint-based approach. Between March and November of 2023, the City saw a total of 16 STR licence applications. Of these, 9 were approved (56%), 4 were pending (25%) and 3 were withdrawn (19%). As of December 5th, 2023, there are a total of 9 STR licences throughout the City.

STR Market/Listings in North Bay

While the number of STR listings fluctuates throughout the year (listings are generally higher during summer months). According to Airdna¹, there were 121 total² available listings in December 2023. During this same period, there were 202 active³ listings. If we consider 'total' and 'active' listings, approximately 7.4% and 4.5% are licensed with the City of North Bay, respectively.

Third Party Compliance Software

There are several third party STR compliance software providers on the market. These providers offer services which assist staff in effectively implementing STR regulations. Many local governments in Ontario, Canada and North America utilize third party compliance software providers to help maintain compliance with STR regulations.

Federal Funding

Through the 2023 Fall Economic Statement, the federal government introduced new tax measures and announced that it proposes \$50 million over three years, starting in 2024-25, to support municipal enforcement of restrictions on short-term rentals. This will support municipalities with strict regulatory regimes that are having a significant and measurable impact in returning short-term rentals back to the long-term housing market. Details on the funding are not yet available. Should the funding support compliance software, funding applications will be submitted to offset any enforcement costs.

Link to Strategic Plan:

- **Affordable Balanced Growth**
 - Facilitate the development of housing options to service the entire community, with consideration to socio-economic characteristics of the community.
-

¹ Airdna is a STR market aggregator which only includes listings from Airbnb and VRBO (Airbnb and VRBO make up the vast majority of all STR listings).

² 'Total' means units that are listed in a period. This consists of all active listings and listings that have never been booked or available.

³ 'Active' means the number of listings viewable with at least one prior booked night.

Service Area/Business Unit: Corporate Services

Department: Customer Service **Costing Center #:** 1701

Budget Impacted: Municipal Levy X Building Permit __ Reserve __ Other __ Water __ Sewer __

Detail:

The Customer Service Centre (CSC) provides a key link between area citizens and municipal services. The CSC is a fast-paced environment operating Monday to Friday between 8:30 am and 4:30 pm with a team of 5 frontline clerks and one lottery licensing clerk. Clerks are responsible for answering the City’s main phone line, responding to emails, providing information to area citizens and visitors, processing payments, processing license and permit applications, selling parking passes, managing ticket enforcement processes, sorting daily mail, and handling all outgoing mail. The CSC does not close for lunch, but always remains open during City Hall’s scheduled hours of operation to provide service to area citizens.

The request for a part-time/relief CSC Clerk is to assist with maintaining service levels during staffing shortages caused by unplanned absences, delays in filling vacant positions and vacations. The intention is to hire a part-time/relief CSC Clerk that would be available when needed to aid in maintaining service levels. The benefit of adding a part-time/relief clerk will also assist with increasing office efficiencies by already having a trained worker available to call on during staffing shortages. Furthermore, adding this position will support workload management optimizing and aiding task success.

Link to Strategic Plan:

- **Responsible and Responsive Government**
 - Strive to be the employer of choice for highly qualified employees and maintain positive labour/ employee relations.
 - Promote quality customer service as a practice.

Budget Impacted: Municipal Levy Building Permit ___ Reserve ___ Other ___ Water ___ Sewer ___

Detail:

Background and Current Service Level

The City of North Bay has a waste diversion strategy which seeks to identify and implement strategies to expand participation in recycling/waste reduction initiatives which ultimately increase waste diversion from the City of North Bay Landfill. Environmental services staff manage the implementation of these strategies with regular consultation from Council and the Waste Resources Liaisons Committee (WRLC).

The WRLC passed a motion in August of 2023 recommending a ban on Blue Box material from the Merrick Landfill. In addition to the WRLC motion, Council brought a motion forward which directed staff to conduct a comprehensive investigation into the implementation of public recycling program (including necessary bins etc.) in areas where public garbage collection is available, particularly in parks, downtown areas, community waterfronts, all City facilities, and arenas, and that it be brought forward to the 2024 budget process as a service level change.

The City of North Bay currently does not provide public recycling programs in parks, downtown areas, community waterfronts or arenas.

Also, of noted importance, is the fact that the MECP has released legislation in regard to a new producer pay program called Extended Producer Responsibility (EPR). This will involve a transition away from the current blue box system in which producers of recyclable materials share recycling costs with the municipality. The new system will see the province take complete control of the blue box recycling with producers being responsible for the entirety of the cost of the program. The new provincial program will standardize recycling across Ontario. The City of North Bay has been notified by the province that we will be transitioning in 2025. EPR includes blue box collection curbside for residential and multi-residential users, schools, and parks. EPR does not include blue box collection for commercial users or public spaces (non-park locations).

Service Level Enhancement

The Environmental Services department worked with the respective City department managers on the implementation of blue box material recycling at City Facilities (Arenas, City Hall, Public Works, Transit) and City Parks and outdoor spaces. City staff also consulted with the City's waste management contractor to determine transportation costs and also consulted with key stakeholders including the Downtown Improvement Area (DIA).

City Parks and Waterfront

Recycling of blue box material in City parks and waterfront are to be included in the EPR implementation beginning January 2025. This means the producers will pay the capital and operating costs for recycling at these locations as of 2025. It is therefore not recommended to include costs associated with implementation at City Parks and waterfront in the 2024 budget.

DIA

This service level change is proposing 62 recycling receptacles in the DIA. The receptacles are similar to the current black waste containers in the DIA however will, of course, be blue in colour. Each receptacle has an estimated cost of \$1,305. Therefore, total capital cost to purchase the receptacles is \$80,910.

Operating costs associated with this service level change are approximately \$5,000 per year for additional clear garbage bags.

Total capital costs: \$80,910 Total Operating Costs: \$5,000

Arenas

The City of North Bay currently provides waste collection at the 3 local arenas (Pete Palangio, Memorial Gardens, West Ferris). The service level change proposes that 77 new recycling containers be purchased to collect blue box materials at the 3 arenas. Cost per container is \$52.95 which provides a total capital cost for recycling containers of \$4,077.15.

It is estimated that 2 blue box material pick ups per week will be required which will cost \$74,772.68 annually.

The service level change also includes additional part-time rink attendant time at an estimated annual cost of \$9,057.60. No additional FTEs are proposed for the arenas.

Total capital costs: \$4,077.15 Total Operating Costs: \$83,830.28

City Hall and Parking

This service level change is proposing 7 recycling receptacles at City parking facilities at a capital cost of \$9,135. Operating costs include clear bags along with City part-time staff to deliver the materials to the recycling depot. Total operating costs are \$14,400 annually.

Total capital costs: \$9,135 Total Operating Costs: \$14,400

Communication

It is critical that this service level change has a clear communication strategy. The strategy will be geared towards changing behaviours, promoting the proper use of the blue bins and preventing contamination. This service level change includes a \$10,000 capital budget for social marketing materials. The City's Environmental Services department will work with the Communications Officer to ensure the message to the public is clear and concise.

It is expected that the annual volume of waste to the Merrick Landfill site will be decreased with this additional diversion, which will increase the life expectancy of the landfill. This is a significant long term cost savings, but the actual amounts are difficult to calculate and have not been included in the analysis.

Based on timing of budget approval, notification period and implementation, actual operating costs expected in 2024 would be approximately 50% of annualized numbers.

Link to Strategic Plan:

Service Level Reduction / Increase 2024

Description/Title: Implementation of Repairs to Private Entrance Culverts

Service Enhancement Reduction: Enhancement

Public: X **In Camera:**

Service Area/Business Unit: Infrastructure and Operations

Department: Public Works – Roads **Costing Center #:** Roadway Maintenance

Budget Impacted: Municipal Levy Building Permit__ Reserve__ Other__ Water__ Sewer__

Detail:

During the 2015 budget negotiations, Council voted in favor to remove maintenance and replacement of existing entrance culverts from the municipal operating budget as a cost saving measure. CNB By-Law 2017-72 was developed to support this initiative and to layout the framework of this change which included the responsibilities for the landowners.

Although there is language within City Private Approach By-Law 2017-72 to ensure owners repair entrance culverts, there is risk with this approach as unmaintained entrance culverts or non-functional entrance culverts can negatively affect neighboring properties and possibly impact stormwater management.

Proposed

The following is a multi-option service level enhancement proposal to either restore the previous practice where the CNB would be responsible to repair/replace or maintain entrance culverts with the intent to ensure prudent stormwater management or to modify the current practice reducing the cost to the owner. Regardless of the decision, requests for cosmetic or aesthetic reasons would continue to be paid for by the landowner.

Option A

The cost is based on a 3-year average (2012, 2013 and 2014) was \$241,000 for entrance work. The City looked after all aspects of this work. Of this \$241,000, the 3-year average for labor was \$66,200. As a result, 1 FTE during the summer months (0.57 FTE) and 1 student (0.3 FTE) was removed from the operating budget. The remaining expenses would be consumed by materials (pipe, couplers, aggregate etc.), heavy equipment, tools, trucking and restoration costs (asphalt or interlocking brick repairs, hydroseed etc.). The same 3-year average inflated to reflect today's dollar value would equal \$307,499. Of this total, the labor cost would be approximately \$59,151 (based on a total of 0.87 FTE). The remaining cost is for the expenses (materials and equipment) totaling \$236,009.

This enhancement option is to restore the previous service level which would be the City taking over all maintenance and replacement responsibility. With regards to labor, should this option be approved, the intent is to evaluate the implementation of this enhancement with current labor resources throughout the 2024 season and revisit if necessary, during the next budget deliberations.

If approved, the existing Private Approach By-Law 2017-72 would need to be updated accordingly.

Link to Strategic Plan:

- **Affordable Balanced Growth**
 - Maintain infrastructure across the city in a good state of repair.
 - Provide smart, cost-effective services and programs to residents and businesses.

<u>Current Year Budget Impact:</u>	<u>Recommendation</u>
Expense	\$236,009
(Revenue)	
Net Cost (Savings)	\$236,009

<u>Full Time Equivalent (FTE) Impact:</u>	<u>Recommendation</u>

<u>Future Years Budget Impact</u> <small>(only required for phased-in Service Level changes)</small>	<u>Recommendation</u>
Year / Expense	
Year / Revenue	
Net Cost (Savings)	

Capital Requirements (if applicable):
Option B

Currently, if a landowner hires the City to complete the entrance culvert work, section 3.15 (a), (b) and (c) of [By-law 2017-72](#) states (a) the homeowner will be responsible for the first \$2,000 of the replacement cost and (b) the City will be responsible for the balance of the costs and (c) resurfacing will be to City standards (gravel), should the homeowner wish to upgrade the resurfacing, the owner will be solely responsible for the costs of the upgrading.

This enhancement option is to continue with existing practices but adjust the maximum fee in section 3.15 of the By-law to \$1,000 and the balance would be absorbed by the City. Part (c) will remain the same where the owner would be solely responsible for restoration.

The following cost is based on a combined 3-year average (2021, 2022 and 2023) of entrance culverts that were installed by the City through Service Contracts and also entrance culverts that were installed by owners or contractors who took permits to repair or replace the culverts. There were 91 in total over the 3 years and as a result, the 3-year average is roughly 30 per year. With this option, the homeowner would still be responsible for completing all restoration.

Link to Strategic Plan:

- **Affordable Balanced Growth**
 - Maintain infrastructure across the city in a good state of repair.
 - Consider all aspects of decisions to fund new infrastructure.
 - Provide smart, cost-effective services and programs to residents and businesses.
